

# PadhAI: Regularization

## One Fourth Labs

### Summary

Let's look at where we are now

1. We have covered a lot of interesting topics in regularization
2. We haven't covered the regularization methods such as dropout & batch-normalisation, but they will be covered as we move forward
3. The next few sections will be more hands-on, and we will get to start working with PyTorch and CNNs
4. The next contest will cover all of the following concepts
